

Snow cover map (Ten-day period starting 21 March, 2024)

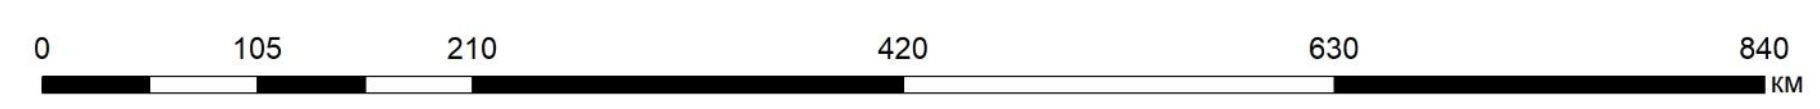

- Legend**
- Country boundary
 - Rivers
 - Mean snow density (g/cm)
 - Mean snow depth (cm)
 - ★ Capital
 - Roads
 - Province boundary
 - Snow
 - Cloud
 - Province center
 - Soum boundary
 - Soum center

The map shows snow-free and snow-covered areas in the true color, and overlays average snow density and depth measured at meteorological stations and posts.

Used data: Terra and Aqua/MODIS-500m data
 Produced by: Remote Sensing Division, Information and Research Institute of Meteorology, Hydrology and Environment

Scale: 1:2,100,000 1 cm = 21 km
